

Learning Log Home Learning **CHALLENGES** (Inside the home 2020)

You are challenged to complete as many of the activities below as possible as part of your home learning. These activities are designed to allow you to share your creative side and learn collaboratively with your siblings and family members. Please colour in the box when your chosen activity is completed.

Area	Challenge
I enjoy Reading	Who is your favourite author? Draw their portrait and make a fact sheet about them.
I enjoy Writing	Choose a character from your favourite book - tell the story from their point of view. This does not need to be the whole book, just a 500 word summary, but in the voice of your chosen character.
I enjoy Maths	Cost a meal for your family. You can use online shopping websites such as Asda, Tesco or Sainsbury's to cost the items you need. You could do this for one meal, a full day or a week for your family.
I enjoy Art & Design	Create a junk model using recyclable items.
I enjoy Science	Investigate in your own house. How many different types of appliances do you use that use electricity. Design a poster about how you use electricity safely.
I enjoy Geography	In our Geography curriculum, we learn about settlements - places where people live and sometimes work. Make a sketch map of our local settlements of Offerton, Stockport and Greater Manchester. Create a key to show key areas, such as housing, shops and businesses, schools, parks, and other facilities.
I enjoy History	Using the Horrible Histories Monarchs' Song as inspiration, choose your favourite English King or Queen, then write about when they ruled and significant events during their reign. Finally, explain why they are your favourite.
I enjoy RE	Search on line for 'illuminated manuscripts to colour in'. Find your initial letter and colour it carefully. Find out more about the Gospels and how they were written and coloured by hand.
I enjoy Spanish	Use the internet to find out about either a town/ city/ region in Spain OR a sports team from Spain. Present your findings with facts in English, drawings or photos and any Spanish words related to the place/team of your choice.
I enjoy Computing	Create a real life robot! Using an adult at home, program them to do a simple task using clear and simple instructions!
I enjoy PE	There are many different haka. Each tells a story. The most famous haka is Ka Mate. The Ka Mate haka is performed by many New Zealand sports teams before games. Watch some videos and create your own haka to perform to your family.
I enjoy Music	This site has ideas for craft projects linked to history of music. https://www.hamilton-trust.org.uk/topics/lower-key-stage-2-topics/stone-age-iron-age-britain/culture-and-art/ .
I enjoy...	What is your own Home Learning task you would like to complete? Record it below...

All of the tasks above have been designed to be completed within the home environment.
