## New Skills Arabelle

in 5L has taught herself through BSL online and learnt it very quickly! She can say the alphabet, her name and ask how you are.

## Guinness World Records

### Did you know?

Professional puzzle maker Tony Fisher has created the world's largest Rubik's Cube! The enormous puzzle measures an impressive 2.022 m (6 ft 7 in) on each side.

It took Tony  
around 330 hours

to build by himself.

## Art attack!

Draw each member of your family using a different medium. You could use coloured pencils for one person, and then crayons for another. What else could you use?
