

Mrs Owens – Deputy Headteacher

How I can help you

I will always make sure that you are all as safe and happy as you can be. You will see me around school a lot and I am always here for you to talk to no matter what you may need. I love to help you with your learning and to support you to become the best learners you can be.

What I do at school

I support Mr Milner and all of our teachers to make sure our school is always the best that it can be. I am here to make sure that you are all safe, happy and ready to learn. My favourite part is to work with everyone to create the most exciting learning opportunities for you all.

What I like to do at home

We love the outdoors and our favourite is to go on adventure walks. We grow our own fruits and vegetables and make fires to toast marshmallows. We spend lots of time with our family and friends sharing tasty food.

Some of my favourites...

I love to go on snowy, wintery walks all wrapped up warm and then getting inside next to a cosy fire with some delicious food. Walking along the seafront eating fish and chips is one of my favourites. I love running and swimming and going on fast rollercoasters with my boys.

Other interesting things about me

I am half Czech; I love to visit Prague. Before I became a teacher, I worked for Vogue magazine. When I lived in Réunion - a tiny island in the Indian Ocean - I got to see the volcano erupt and even stepped over the scorching hot lava.
