

Joanne Sturch

Type of Governor

I am a co-opted governor. A Co-Opted governor is a person appointed by the governing body and who, in the opinion of the governing body, has the skills required to contribute effectively. Governors come from all walks of life, not just education. This gives every governor a unique perspective and unique skillset which is really useful for school.

What I do at school

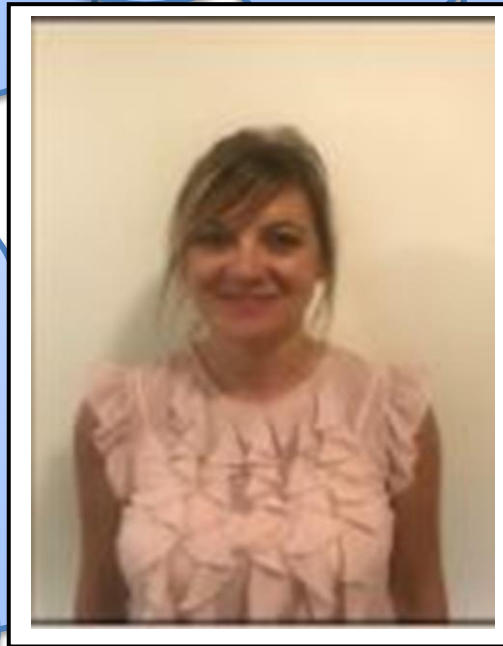

As a governor, I do lots of things to make sure you get the best education. We have regular meetings where we get updates from the Headteacher, check that policies are correct and useful and ask lots of questions to make sure your school is well led. I also come into school from time to time to speak to teachers and subject leaders to make sure you are getting a good deal at school.

What I like to do at home

I enjoy cooking, spending time with friends, going to the gym and yoga.

Some of my favourites...

I love summers in Malta and discovering European cities on weekend breaks.

Other interesting things about me

I worked in the office, as part of the team, at Banks Lane for 6 years and originally joined the Board as a Staff Governor. When I moved into a role in a new school, I wanted to continue to be a part of Banks Lane in some way and so stayed on as a governor.
