

Mrs Ould-Ahmed, TA

How I can help you

I can help you with your reading, Maths and English but am also there to support you if you have any worries. I will listen to you and do my best to help or direct you to someone who can.

What I do at school

I am a teaching assistant, I will support your learning in the classroom as a whole class or sometimes in a little group or on your own. I also help your teacher to make sure your classroom is engaging and safe. I enjoy listening to you read in the morning.

Some of my favourites...

I love spending time with people, but when I need some peace, I usually find a quiet corner to immerse myself in a good book.

What I like to do at home

At home I love playing games or quizzes with my family. I also enjoy long walks and picnics with friends.

Other interesting things about me

I was born in a different country and can speak a different language. I have a cat called Sylvester and a tortoise called Bruce although she actually is a girl.
