

Banks Lane Junior School

Year 3 - Isolating timetable week 2

These activities are suggested for you whilst you are learning from home. Please feel free to mix and match or do alternative activities. There are so many online resources; these are the ones that we feel best match our school curriculum. We know that you might be working from home for several different reasons and it could be that you're not feeling very well. If you're feeling well enough, these activities are similar to what we are doing in school and should help you to keep up with the Year 3 curriculum.

PSHE	<p style="text-align: center;">Looking after yourself</p> <p style="text-align: center;">In this lesson, our learning objective is to learn about what makes a balanced lifestyle. Within this lesson, we will compare and contrast two very different lifestyles.</p>

Of course, we know that lots of you are trying to do your own work from home or may have your own ideas or preferred resources (there are lots on [BBC Bitesize](#) for example). Lots of children might want to look at the above and make their own weekly or daily preferred timetable; we'd encourage this to develop their independence and ownership of their learning. Remember that the above is not compulsory; please don't feel bad if your children don't get through it all and we won't be checking up on them! However, if they are struggling with any aspect of the material they have been accessing online, please email your class teacher and they will get back to you asap with feedback (year3@bankslane-jun.stockport.sch.uk).
