## Captain Collaboration

Collaborate with your family by celebrating the end of the school year.

You could have a party and bake a cake together, or cook a special meal. You could have a cosy film night or go for a walk together and talk about everything you have enjoyed this year and how much you have grown up.

Send some pictures to us to show how you are celebrating together.

### <u>Cosmic</u> Curiosity

You probably have hundreds of questions for your new teacher. What will school look like when we get back? Which topics will we be doing? Do you have any pets? There are so many questions you could ask!

Write down some questions to ask on your first day in September. All the teachers and grown-ups in school will do their best to answer them. <u>Cosmic Curiosity Question Bubbles</u>

You have reached your final week of year 3! The whole school cannot put in to words how proud we are of every single one of you. You have not only made so much progress but you have all developed into mature young adults who have coped brilliantly during a global pandemic. Well done to every single one of you! We will never forget this year! We have missed you all so much and we cannot wait to welcome you back in September. We have put together this activity sheet as a guide to help you celebrate your final week of year 3. Please send us in pictures; we would love to see how you have ended your final week of this school year.

As always, we are here to celebrate with you and also here if you need any help. You can contact your teacher on <u>year3@bankslane-</u> jun.stockport.sch.uk

## Reflection Rose

Now is the perfect time to use your Reflection Rose learning power. We know this year didn't go as planned however, take some time to reflect on some of your favourite memories from your short time in year 3. It maybe our trip to Poole's cavern, marble treats or just spending time in school with your friends. Don't forget to send your favourite memories to your teacher's email. My Favourite Memories from this Year

# <u>Resilient Ruby</u>

We are so proud of how you have all used your Resilient Ruby learning power over these past weeks. We know that you must be feeling quite uncertain at the moment so it is so important to keep using your Resilient Ruby learning power. Use this worksheet to help change your mindset to turn a negative thought into a positive one.

<u>Resilient Ruby - making negative thoughts</u> <u>into positive thoughts.</u>

### <u>Communication Wizard</u>

Your new teachers cannot wait to meet you all!We have told them all about how amazingly hard you all work, but it would be great for them to get to know more about you.

Can you create a booklet all about you? <u>All about me.</u>

Remember to send it over to your New Year group email so your new teacher can get to know you more.
