

Banks Lane Junior School

Year 5 Week beginning 4th May

These activities are suggested to help give you some structure to your home learning. Please feel free to mix and match or do alternative activities. There are so many online resources; these are the ones that we feel best match our school curriculum. We have suggested a maximum of 3 hours work each day. We also encourage you to use your time to choose your own learning activities, to get outdoors as often as safely possible, and to learn lots of new life skills.

Of course, we know that lots of you are trying to do your own work from home or may have your own ideas or preferred resources (there is lots on <u>BBC Bitesize</u> for example). Lots of children might want to look at the above and make their own weekly or daily preferred timetable; we'd encourage this to develop their independence and ownership of their learning. Remember that the above is not compulsory; please don't feel bad if your children don't get through it all and we won't be checking up on them! However, if they are struggling with any aspect of the material they have been accessing online, please email your class teacher and they will get back to you asap with feedback (year5@bankslane-jun.stockport.sch.uk).
