

Kimberley Pixton – Parent Governor

### Type of Governor

I am a parent governor. Parent governors come from all walks of life and bring a unique perspective and skillset to the governing board; this is really useful for school. As a parent governor, I have a child at school so I'm really keen to work with school to help it be the best it can be.

### What I do at school

As a governor, I do lots of things to make sure you get the best education. We have regular meetings where we get updates from the Headteacher, check that policies are correct and useful and ask lots of questions to make sure your school is well led. I also come into school from time to time to speak to teachers and subject leaders to make sure you are getting a good deal at school.

### Some of my favourites...

My favourite thing to do with my family is to go on holidays and day trips. Our favourite place to visit is the beach.

### What I like to do at home

At home I like to spend time helping my children with their homework and hobbies. When we have all finished our work, I like to watch films and read mystery novels.

### Other interesting things about me

I also attended Banks Lane School a long time ago, and many of the friends I have now are friends I made while I was at Banks Lane.
