

Mr Bassett - Deputy Headteacher

### How I can help you

If you or your parents have any problems or concerns, I can help. I work closely with teachers and TAs to help solve problems. I also look carefully at how well you're doing at school by looking at books and test scores, so I can help by making sure you get extra help if you need it.

### What I do at school

I have lots of jobs at school! My most important jobs in school are making sure children are safe, happy and learning - in that order. If you're not safe, happy or learning, I can do something about it. Other parts of my job involve attending meetings and working with other people from outside school. Although I do lots of paperwork, I always have time to speak with children.

### Some of my favourites...

I love my bike. I go on long bike rides, so we spend a lot of time together! I also love my guitar.  
I love watching the Tour de France (a cycling race).  
My favourite food is lasagne, although I do love a burger!

### What I like to do at home

I love running, cycling and swimming. I love playing basketball with my children and going to watch their favourite team - Manchester City. My family and I really enjoy long walks in the Peaks and going on bike rides together.

### Other interesting things about me

I have a wife and three children: George (1), Harry (8) and Charlie (11). I have lived in Stockport for 3 years - I used to live near the Cadbury's chocolate factory in Bourneville!
