Mr Threader – Class Teacher, Computing Lead

How I can help you

I can help you with all of your Computing problems! Even members of staff have asked me for my help and of course I am more than happy to support anyone with Computing problems.

I can also help with online resources like TTR and Spelling Shed if they are not working properly, as well as any in class problems.

What I do at school

Most of my time at school is spent teaching a Year 5 class! I have also taught Year 4 at Banks Lane. Apart from teaching, I am the Computing co-ordinator for our school which means that I am responsible for monitoring the Computing lessons that you do with your teacher. I always look for new and exciting topics that you will learn in your Computing lessons which are based on new technologies being released all the time!

What I like to do at home

I like to walk my two dogs, watch TV and read books and comics!

I also love doing obstacle courses like Tough Mudder!

Some of my favourites…

Books – Harry Potter and A Series of Unfortunate Events.

Food – Pizza

Music – Rock

Football team – MANCHESTER UNITED!!

Other interesting things about me

I have two dogs called Ralphy and Kiwi, I have two black belts in karate! I used to compete at a high level and have won national competitions in the past!

Finally, during the school closure, I was supposed to get married!
