

Mrs J Quinn - Cover Supervisor

How I can help you

If I am ever in your class I can help you with your learning, listen if you have any worries or feel upset.

What I do at school

You will see me in lots of different classes around school. My main job is to cover your class if ever your teacher is off or on a course or at a meeting. I am so lucky to have this position as it gives me lots of opportunities to meet all our wonderful children.

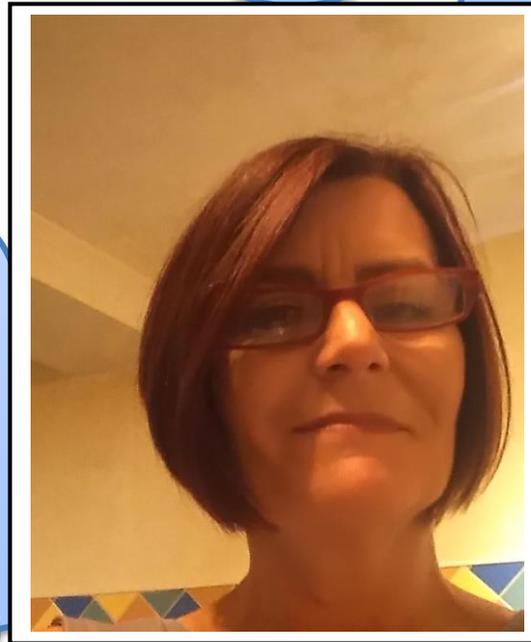

What I like to do at home

When at home I love to read, do puzzles, crosswords and play games with my grandchildren. I also love watching my eldest grandson play his football matches at the weekend.

Some of my favourites...

I love spending lots of time going for walks or having days out with all of my family.

I adore animals and over the years have had lots of different pets including a horse, dog and cats.

Other interesting things about me

My husband is ex-army so I have been lucky enough to have lived in Hong Kong, Fallingbostal, Germany and lots of different places in the UK. We have three grown up daughters and six grandchildren (3 girls and 3 boys).
