

Mrs Petrie - Teaching assistant

### How I can help you

If you find your learning difficult I will be there for you. I make things fun; we will dance and sing to remember things. I am often out on the playground with a friendly smile and a welcoming heart. I am a first aider so you can come to me for TLC and a plaster or ice pack.

### What I do at school

In school I help everyone to feel safe, happy and ready to learn. I also will give you time to talk if you are upset or worried. I am part of the Wellbeing team which also supports children who sometimes are having difficulties. I enjoy joining in with your P.E lessons and you will often find me at Woodbank Park helping out with cross country.

### Some of my favourites...

I like spending time in my caravan in Wales. A few of my favourite foods include pasta and chicken salad.

### What I like to do at home

At home I spend a lot of time running, weightlifting and generally keeping fit. When I'm not doing any of these, I am looking after my grandchildren.

### Other interesting things about me

I have two grown up children: Lisa and Luke and I also have 4 grandchildren Charlie (13), Oliver (10), Harry (9) and Evie Grace (6 months).
