

Miss Adshead- Class Teacher, Science Lead

What I do at school

This year will be my second year at Banks Lane - the same as you!

My main job is to teach year 4. I do this by planning fun and interesting lessons about Romans, the rainforest, electricity, and lots of other exciting topics.

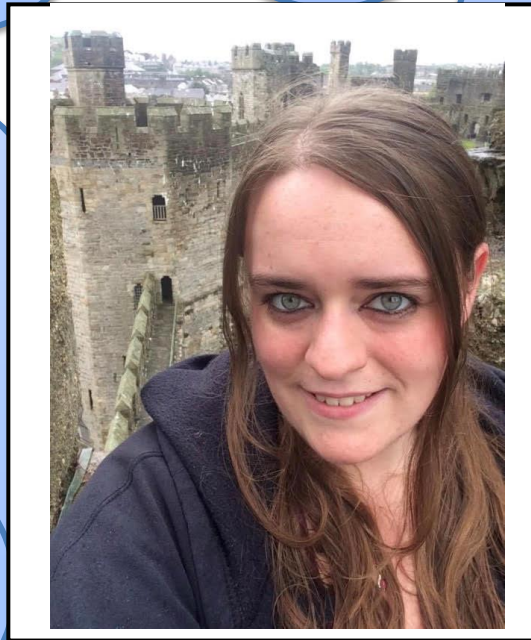

Another part of my job is to lead Science at our school. Science is one of my favourite subjects and I love to use my Cosmic Curiosity learning power to investigate and experiment to find answers to questions.

Some of my favourites...

I am a huge Disney fan! My favourite Disney films are Moana and The Hunchback of Notre Dame. I am also a big Harry Potter fan and collect Harry Potter Funko Pops. My favourite holiday destination is America. I have been lucky enough to go to New York and Florida. My favourite foods are chocolate, tacos and strawberries (but not together).

How I can help you

My main priority in school is to make sure all children feel safe and happy. I always try to be a good listener and solve problems fairly. If you need someone to talk to, I will always do my best to be available, even if you want to tell me about the latest book you have read or share some work you have done.

What I like to do at home

At home I love to read lots of books and plan holidays. I have also been planning my wedding which is happening next year! This has kept me very busy. I enjoy painting and drawing - I have to use my resilience skills as I am still learning to be a good artist.

Other interesting things about me

I grew up in Offerton not far away from our school. I have lived in lots of places around Stockport and Manchester. I have also lived in Finland for 4 months and Austria for 5 months. I now live with my fiancé Steven and we are getting married in March! I am very excited.
