

Mrs Lucas - Teaching Assistant

### How I can help you

I can help you in lots of ways -if you find learning difficult I will work with you to find ways to make learning fun. If you are upset, I can help you to understand why. If you hurt yourself I will help to make you feel better with an icepack or a plaster.

### What I do at school

My job in school is to work with all the other adults to keep you safe, happy and wanting to learn. You might see me working in a class or with a small group around school. My favourite place to be in school is the children's kitchen where I run a cooking club.

### Some of my favourites...

I like going swimming with Mrs Cockburn. I enjoy going on holiday anywhere in the world. I also like going to the theatre especially in London.

### What I like to do at home

At home I like to play games on my iPad. I also enjoy sitting in my garden especially when it is warm.

### Other interesting things about me

I have two grown up children Paul (25) and John (28) who is married to Kelly; they are both teachers. Every year I go to Spain with Mrs Bird, Mrs Cockburn and Mrs Pollitt to see Mrs Skinner who used to be a Teaching Assistant at Banks Lane.
