

Year 3 Writing Challenge

Chester Zoo

During these challenging times, many people, companies and places have entertained us from the comfort of their own home. None more so than the fantastic animals and staff at Chester ZOO.

Chester Zoo have opened their cyber doors to the general public, with live streaming, talks and webcams from all the animals around the zoo. On their website they also have loads of fun facts and information about the different animals.

Year 3 teachers would like you to write an information text on an animal of your choice. Be creative in your layout! It could be a poster, a leaflet or a piece of writing. Just select your favourite animal and do some research. Watch them live if you get the chance.

Things you could look for:

- Habitat
- Diet
- Appearance
- Life cycle
- Interesting facts!

Things we want to see included:

- Title
- Sub-headings
- Introduction
- Paragraphs
- Technical vocabulary
- Correct punctuation

We are looking forward to reading all about your animals. Please send in your information texts or pictures of your work to year3@bankslane-jun.stockport.sch.uk
