

Mrs Frost - SENDCo and Teacher

How I can help you

I can help you with any of your learning in class and help to make any topics we are learning about fun and interesting. I work closely with Mrs Howarth to make sure we can give you additional support in any areas of school life you may be finding a bit tricky.

What I do at school

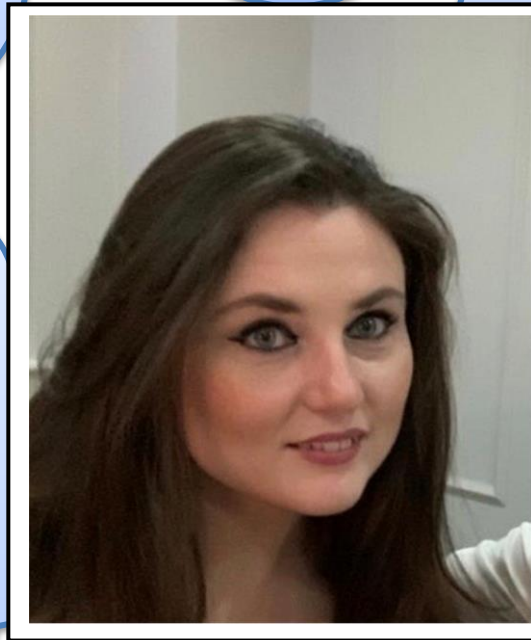

I am one of the SENDCos here at Banks Lane Junior school alongside Mrs Howarth.

I teach in some of the classes around school when your class teachers have time to prepare your exciting lessons.

Some of my favourites...

I love exploring different parks with my family.

I love having some quiet time and reading a good book! One of my favourites has always been 'The Lion, The Witch and The Wardrobe'.

What I like to do at home

I have two little girls Sophia aged 8 and Isabelle aged 5. I love doing lots of fun activities with them at home and outdoors.

I love being out in the garden when it is sunny.

We love having special movie nights as a whole family too.

Other interesting things about me

I can speak Spanish and used to live in Spain as a child.

I also like learning about all different languages and cultures.
