

Miss Rock - Year 5 Teacher and
Year Group Leader

What I do at school

My most important job at school is teaching the wonderful 5B! However, I am also the Year Group Leader for Year 5, so I have to make sure 5L and 5S are doing well too, and have meetings with Mr Milner and Mrs Owens about Year 5. I love books and reading, so I feel very lucky to be the reading lead for the whole school. Also, I'm in charge of the cross country team.

Some of my favourites...

I love running, which is why I enjoy leading the cross country team in school so much. I've ran five marathons, including the London marathon twice. I love to travel and see the world - I've lived and worked in Australia, America and Cambodia. Probably because of my love of travel, my favourite foods come from Thailand, Italy, Greece and Mexico!

How I can help you

I have been teaching at Banks Lane Junior School for nine years now, two years in Year 6 and seven years in Year 5; this means I know what we have to learn really well, and I can help you with anything you've found confusing. I also like helping children in my class to feel happy, safe and confident, so they can do their very best every day.

What I like to do at home

I love running, cycling and being outside as much as possible. I love to read (I've read the Harry Potter series countless times!). We're lucky enough to live near some beautiful countryside, so I like to go on long walks and explore all of the nature (my photo is me and a fossil I found near Malham Cove in Yorkshire).

Other interesting things about me

I have an enormous family, including six brothers and two sisters, so I spend lots of time seeing them and playing with all my nieces and nephews. Before I was a teacher, I worked in summer camps in America and in Devon. I'm also a trained Forest School leader.
