

Mrs Wilshaw (Year 5 Class Teacher)

### How I can help you?

I will be your class teacher so I will be helping you with your learning and being there throughout all the brilliant things we do in school. I cannot wait to make exciting and happy memories with my new class. I will always be available to help if something is wrong or you are feeling sad.

### What I do at school?

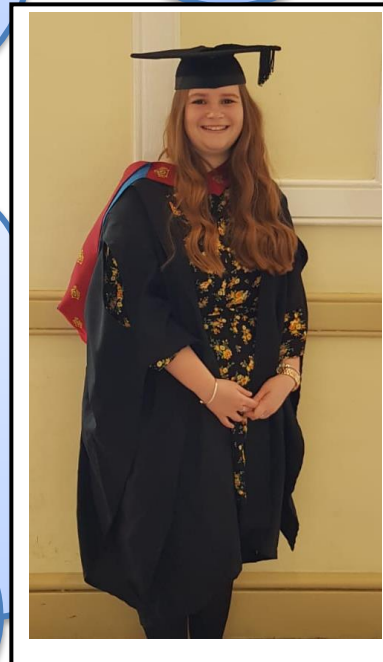

Within school, I am now a Year 5 teacher. Since starting at Banks Lane Junior School, I have worked in Year 4 so I am very excited for a new year group and a new class! As well as teaching, I also am the leader of times tables and Geography within school. I help other teachers create fun and exciting lessons to help you learn in these topics.

### What I like to do at home?

When I am at home, I enjoy going for walks and spending time with my friends and family. I also enjoy doing jigsaws and creating lego animals.

### Some of my favourites...

One thing you may already know about me is that I love SHEEP! Sheep are all over the classroom and I am sure that you will be hearing a few of my baa-riliant jokes over the year. I also love going for walks in the Lake District! It is my favourite place and during the school holidays I have just got married to my husband.

### Other interesting things about me...

I have one older sister and a younger stepsister. I have a Cocker Spaniel called Jessie, she is very cute but can be a little bit naughty! I also enjoying doing a lot of decorating and crafting.
